This Order amends Order No. 2013-538, issued July 16, 2013, to correct a scrivener's error which omitted reference to approval of the proposed asset transfer in the Docket. In all other respects, Order No. 2013-538 is unchanged from the original and reads as follows:

This matter comes before the Public Service Commission of South Carolina ("Commission") by way of the Application of TNCI Operating Company, LLC ("TNCI-OpCo" or the "Company") requesting a Certificate of Public Convenience and Necessity authorizing it to provide resold and facilities-based local exchange and interexchange

telecommunications services within the State of South Carolina. The Company's Application was filed pursuant to S.C. Code Ann. § 58-9-280 (Supp. 2012) and the rules and regulations of the Commission. By its Application, the Company also requests flexible regulation of its local exchange service offerings pursuant to Order No. 98-165 in Docket No. 1997-467-C, alternative regulation of its business interexchange services as first approved in Docket No. 1995-661-C, and waiver of certain Commission regulations.

Applicant also requests in its Application, pursuant to S.C. Code Ann. § 58-9-310, that the Commission approve the transfer of certain of the assets, including customer accounts and contracts and telecommunications equipment, from Trans National Communications International Inc. to TNCI-OpCo. Trans National Communications International Inc. is currently authorized to provide local exchange (including exchange access) and interexchange service in South Carolina pursuant to a Certificate granted in Docket No. 2001-316-C. TNCI-OpCo does not currently provide telecommunications services or hold any authorization to do so, but is seeking the same (or more expansive) authorizations as currently held by Trans National Communications International Inc. so that TNCI-OpCo can continue to provide the same services as Trans National Communications International Inc.'s customers currently receive from Trans National Communications International Inc. As described below, the transaction will be virtually transparent to customers of Trans National Communications International Inc. in terms of the services that those customers receive and the rates and terms of those services.

The Commission's Clerk's Office instructed the Company to publish, one time, a Notice of Filing in newspapers of general circulation in the areas of the state affected by

the Application. The purpose of the Notice of Filing was to inform interested parties of the Application of the Company and of the manner and time in which to file the appropriate pleadings for participation in the proceeding. The Company complied with this instruction and provided the Commission with proof of publication of the Notice of Filing. A Petition to Intervene was filed by the South Carolina Telephone Coalition (“SCTC”). Subsequent to the intervention, the Company and SCTC reached a Stipulation, attached hereto as Order Exhibit No. 1.

A hearing was convened on June 24, 2013, at 10:00 am in the offices of the Commission in Columbia, South Carolina, before F. David Butler, Hearing Examiner. TNCI-OpCo was represented by John J. Pringle, Esquire. The South Carolina Office of Regulatory Staff (“ORS”) was represented by C. Lessie Hammonds, Esquire. The South Carolina Telephone Coalition did not appear at the hearing.

Jeff Compton, President and Chief Executive Officer for the Company, appeared and testified in support of the Company’s Application. The record reveals that the Company is a limited liability company (“LLC”) organized under the laws of the State of Delaware and that it is registered to transact business in South Carolina as a foreign LLC.

According to Mr. Compton, the Company seeks authority as a facilities-based provider and reseller of local services and interexchange services. Mr. Compton explained the Company’s request for authority, and the record further reveals the Company’s services, operations, and marketing procedures. TNCI-OpCo intends to provide the same facilities-based and resold local exchange, exchange access and intrastate interexchange telecommunications services to business customers that Trans

National Communications International Inc. currently provides to its customers. These services include (a) basic local exchange services and various ancillary services such as custom calling features, (b) long distance services, (c) dedicated Internet Protocol ("IP")-enabled, integrated voice and data services, and (d) private line, frame relay and other non-voice services. Applicant does not intend to provide retail residential local exchange services in South Carolina, and therefore the provisions of 10 S.C. Code Ann. Regs § 103-607 are not applicable to TNCI-OpCo. Mr. Compton also discussed TNCI-OpCo's technical, financial, and managerial resources to provide the services for which it seeks authority. Mr. Compton offered that TNCI-OpCo possesses sufficient financial resources to support its operations in South Carolina.

With regard to management and technical capabilities, the Company's Application and Mr. Compton's testimony both evidence that the Company's management has extensive experience in telecommunications, information technology, regulatory matters, and accounting and finance. Mr. Compton also testified that the Company will operate in accordance with Commission rules, regulations, guidelines, and Commission Orders. Mr. Compton offered that approval of the Company's Application would serve the public interest.

Mr. Compton, on behalf of the Company, requests a waiver of 10 S.C. Code Ann. Regs. 103-610, since the Company's books are maintained in Atlanta, Georgia. Further, the Company requests an exemption from record keeping policies that require maintenance of financial records in conformance with the Uniform System of Accounts

(“USOA”). The Company maintains its books in accordance with Generally Accepted Accounting Principles (“GAAP”).

After consideration of the applicable law, the Company’s Application, and the evidence presented at the hearing, the Commission hereby issues its findings of fact and conclusions of law:

**FINDINGS OF FACT**

1. The Company is organized as a limited liability company under the laws of the State of Delaware, and is authorized to do business as a LLC in South Carolina by the Secretary of State.

2. The Company desires to operate as a provider of facilities-based and resold local and interexchange services in South Carolina.

3. We find that the Company possesses the managerial experience and capability to operate as a provider, on a facilities-basis and through resale, of local services and interexchange services in South Carolina.

4. We find, based on the financial statements submitted by the Company and the testimony at the hearing, that The Company possesses sufficient financial resources to provide the services as described in its Application and testimony.

5. We find that the issuance of a Certificate of Public Convenience and Necessity to the Company to operate on a facilities basis and as a reseller of local exchange telecommunications and interexchange services in South Carolina would be in the best interest of the citizens of South Carolina by providing more innovative services.

6. The Company requests a waiver of 10 S.C. Code Ann. Regs. 103-610 (Supp. 2012). The Commission finds The Company's requested waiver reasonable and understands the potential difficulty presented to the Company should the waiver not be granted. Further, we find that a waiver of 10 S.C. Code Ann. Regs. 103-610 to be in the public interest. We also believe that exemption from the policies that would require the Company to keep its records under the USOA is reasonable.

7. The Company has the managerial, technical, and financial resources to provide the services as described in its Application. S.C. Code Ann. Section 58-9-280(B)(1) (Supp. 2012).

8. The Commission finds that the Company's "provision of service will not adversely impact the availability of affordable local exchange service." S.C. Code Ann. Section 58-9-280(B)(3) (Supp. 2012).

9. The Commission finds that the Company will support universally available telephone service at affordable rates. S.C. Code Ann. Section 58-9-280(B)(4) (Supp. 2012).

10. The Commission finds that services to be provided by the Company will meet the service standards of the Commission. S.C. Code Ann. Section 58-9-280(B)(2) (Supp. 2012).

11. The Commission finds that the provision of local exchange service by the Company "does not otherwise adversely impact the public interest." S.C. Code Ann. Section 58-9-280(B)(5) (Supp. 2012).

12. Following execution of a Stipulation with intervenor South Carolina Telephone Coalition (“SCTC”), the SCTC withdrew its opposition to the Application.

**CONCLUSIONS OF LAW**

1. The Commission concludes that the Company possesses the managerial, technical, and financial resources to provide the telecommunications services as described in its Application.

2. The Commission concludes that the Company will participate in the support of universally available telephone service at affordable rates to the extent that the Company may be required to do so by the Commission.

3. The Commission concludes that the Company will provide services which will meet the service standards of the Commission.

4. The Commission concludes that approval of the Company’s Application to provide intrastate telecommunications services within South Carolina will serve the public interest by providing for efficient use of existing telecommunications resources.

5. The Commission concludes that the provision of telecommunications service by the Company will not adversely impact the public interest.

6. The Commission concludes that the issuance of the authority to provide intrastate local exchange and interexchange telecommunications services as requested by the Company and as set forth in its Application and Mr. Compton’s testimony is in the best interests of the citizens of the State of South Carolina.

7. The Commission concludes that a Certificate of Public Convenience and Necessity should be granted to the Company to provide resold intrastate local exchange telecommunications services and intrastate interexchange telecommunications services.

8. The Commission adopts a rate design for the Company for its residential interexchange services which include maximum rate levels for each tariff charge. A rate structure incorporating maximum rate levels with the flexibility for adjustment below the maximum rate levels has been previously adopted by the Commission. *In Re: Application of GTE Sprint Communications Corporation, etc.*, Order No. 84-622, issued in Docket No. 84-10-C (August 2, 1984).

9. The Company shall not adjust its residential interexchange rates for end-users below the approved maximum level without notice to the Commission and to the public. The Company shall file its proposed rate changes, publish its notice of such changes, and file affidavits of publication with the Commission two weeks prior to the effective date of the changes. However, the public notice requirement is waived, and therefore not required, for reductions below the maximum cap in instances which do not affect the general body of subscribers or do not constitute a general rate reduction. *In Re: Application of GTE Sprint Communications, etc.*, Order No. 93-638, issued in Docket No. 84-10-C (July 16, 1993). Any proposed increase in the maximum rate level for residential interexchange services reflected in the tariff which would be applicable to the general body of the Company's subscribers shall constitute a general ratemaking proceeding and will be treated in accordance with the notice and hearing provisions of S.C. Code Ann. § 58-9-540 (Supp. 2012).

10. The Commission concludes that the Company's intrastate interexchange business telecommunications services shall be regulated in accordance with the principles and procedures established for alternative regulation of business service offerings set out in Order Nos. 95-1734 and 96-55 in Docket No. 95-661-C. The Commission has previously granted this "alternative regulation" to competitive intrastate interexchange carriers operating within South Carolina, and the Commission concludes that the competitive marketplace requires the Commission to allow this flexible regulation to those carriers which request it. Specifically, the Commission-approved alternative regulation allows business service offerings, including consumer card services and operator services, to be subject to a relaxed regulatory scheme identical to that granted to AT&T Communications in Order Nos. 95-1734 and 96-55 in Docket No. 95-661-C.

However, pursuant to Order No. 2001-997 (Docket No. 2000-407-C), this Commission has modified alternative regulation by the re-imposition of rate caps with regard to certain "operator-assisted calls" where a customer uses a local exchange carrier's calling card to complete calls from locations which have not selected that local exchange carrier as the toll provider. Order No. 2001-997, dated November 8, 2001, imposed a maximum cap of \$1.75 for operator surcharges for such calls, and a maximum cap of \$0.35 related to the flat per-minute rate associated with these calls. Under this relaxed regulatory scheme, tariff filings for business services shall be presumed valid upon filing.

If an investigation of a particular tariff filing is instituted within seven (7) days of the filing date, the tariff filing will then be suspended until further Order of the

Commission. If an investigation is instituted on a particular tariff filing, notice of the investigation will be provided to the person or entity making the tariff filing and to the Commission. The notice is timely if dated within seven days of the filing date.

11. The Commission concludes the Company's local exchange telecommunications services shall be regulated in accordance with the principles and procedures established for flexible regulation first granted to NewSouth Communications by Order No. 98-165 in Docket No. 97-467-C. Specifically, the Commission adopts for the Company's competitive intrastate local exchange services a rate structure incorporating maximum rate levels with the flexibility for adjustment below the maximum rate levels approved by the Commission. Further, the Company's local exchange service tariff filings are presumed valid upon filing. An investigation of the tariff filing may be instituted within thirty (30) days of the tariff filing, in which case the tariff filing would be suspended pending further Order of the Commission. If an investigation is instituted on a particular tariff filing, notice of the investigation will be provided to the person or entity making the tariff filing and to the Commission. The notice is timely if dated within thirty (30) days of the filing date. Further, any such tariff filings will be subject to the same monitoring process as similarly situated local exchange carriers.

12. We conclude that the Company's request for waiver of 10 S.C. Code Ann. Regs. 103-610 should be granted, since strict compliance with the regulation potentially causes undue hardship on that Company. We also grant exemption from the policies requiring the use of USOA.

13. The Stipulation between the Company and SCTC should be approved.

14. The transfer of assets from Trans National Communications International Inc. to the Company as described in the Application and Mr. Compton's Testimony should be approved.

IT IS THEREFORE ORDERED, ADJUDGED, AND DECREED THAT:

1. A Certificate of Public Convenience and Necessity should be granted to the Company to provide intrastate interexchange services as a facilities-based carrier and through the resale of services authorized for resale by tariffs of carriers approved by the Commission, as well as to provide facilities-based and resold local exchange telecommunications services within the State of South Carolina.

2. The transfer of assets as described in the Application and this Order is approved.

3. The Company's rate designs for its products shall conform to those designs described in Conclusions of Law above.

4. If it has not already done so, the Company shall file its revised tariff utilizing the Commission's e-filing system for tariffs within thirty (30) days of the issuance of this Order. The revised tariff should be electronically filed in a text searchable PDF format using the Commission's DMS System (<http://dms.psc.sc.gov>). An additional copy should be sent via email to [etariff@psc.sc.gov](mailto:etariff@psc.sc.gov) to be included in the Commission's ETariff System (<http://etariff.psc.sc.gov>). Future revisions to the tariff should be made using the ETariff System. The revised tariff shall be consistent with the

findings of this Order and shall be consistent with the Commission's Rules and Regulations.

5. The Company's service is subject to access charges pursuant to Commission Order No. 86-584, in which the Commission determined that for access purposes resellers and facilities-based interexchange carriers should be treated similarly.

6. With regard to the Company's resale of service, an end-user should be able to access another interexchange carrier or operator service provider if the end-user so desires.

7. The Company shall resell the services of only those interexchange carriers or LECs authorized to do business in South Carolina by this Commission. If the Company changes underlying carriers, it shall notify the Commission in writing.

8. With regard to the origination and termination of toll calls within the same LATA, TNCI-OpCo shall comply with the terms of Order No. 93-462, Order Approving Stipulation and Agreement, in Docket Nos. 92-182-C, 92-183-C, and 92-200-C (June 3, 1993), with the exception of the 10-XXX intraLATA dialing requirement, which has been rendered obsolete by the toll dialing parity rules established by the FCC pursuant to the Telecommunications Act of 1996 (47 C.F.R. § 51.209). Specifically, TNCI-OpCo shall comply with the imputation standard as adopted by Order No. 93-462 and more fully described in paragraph 4 of the Stipulation and Appendix B approved by Order No. 93-462.

9. TNCI-OpCo shall file annual financial information in the form of annual reports and gross receipts reports as required by the Commission. The annual report and

the gross receipt report will necessitate the filing of intrastate information. Therefore, TNCI-OpCo shall keep financial records on an intrastate basis for South Carolina to comply with the annual report and gross receipts filings. The proper form for filing annual financial information can be found at the Commission's website at the ORS's website at [www.regulatorystaff.sc.gov](http://www.regulatorystaff.sc.gov). The title of this form is "Telecommunications Company Annual Report." This form shall be utilized by the Company to file annual financial information with the Commission and ORS and shall be filed no later than **April 1<sup>st</sup>**.

Commission gross receipts forms are due to be filed with the Commission and ORS no later than **August 31<sup>st</sup>** of each year. The proper form for filing gross receipts information can be found at the ORS website at [www.regulatorystaff.sc.gov](http://www.regulatorystaff.sc.gov), and the appropriate form is entitled "Gross Receipts Form."

Each telecommunications company certified in South Carolina is required to file annually with the ORS the Intrastate Universal Service Fund ("USF") worksheet, which may be found on the ORS's website at [www.regulatorystaff.sc.gov](http://www.regulatorystaff.sc.gov). This worksheet provides ORS information required to determine each telecommunications company's liability to the State USF fund. The Intrastate USF worksheet is due to be filed annually no later than **July 1<sup>st</sup>** with the Commission and ORS.

10. The Company shall, in compliance with Commission regulations, designate and maintain an authorized utility representative who is prepared to discuss, on a regulatory level, customer relations (complaint) matters, engineering operations, tests, and repairs. In addition, the Company shall provide to the Commission and ORS in

writing the name of the authorized representative to be contacted in connection with general management duties as well as emergencies which occur during non-office hours. TNCI-OpCo shall file the names, addresses, and telephone numbers of these representatives with the Commission within thirty (30) days of receipt of this Order. The “Authorized Utility Representative Information” form can be found at the Commission’s website at [www.psc.sc.gov/forms.asp](http://www.psc.sc.gov/forms.asp); this form shall be utilized for the provision of this information to the Commission and ORS. Further, the Company shall promptly notify the Commission and ORS in writing if the representatives are replaced.

11. The Company is directed to comply with all Rules and Regulations of the Commission, unless a regulation is specifically waived by the Commission.

12. At the hearing, TNCI-OpCo requested a waiver of 10 Code Ann. Regs. 103-610 (Supp. 2012), which requires that records required by the Commission’s Rules and Regulations be maintained in South Carolina. The Commission finds TNCI-OpCo’s requested waiver reasonable and understands the potential difficulty presented to TNCI-OpCo should the waiver not be granted. The Commission therefore grants the requested waiver. However, TNCI-OpCo shall make available its books and records at all reasonable times upon request by ORS, and TNCI-OpCo shall promptly notify the Commission and ORS if the location of its books and records changes.

13. TNCI-OpCo also requests that it be exempt from record keeping policies that require a carrier to maintain its financial records in conformance with the Uniform System of Accounts. The USOA was developed by the FCC as a means of regulating telecommunications companies subject to rate base regulation. As a competitive carrier,

TNCI-OpCo maintains its book of accounts in accordance with Generally Accepted Accounting Principles. GAAP is used extensively by interexchange carriers and other competitive telecommunications carriers. Accordingly, TNCI-OpCo requests an exemption from the USOA requirements. We grant the Company's request for the reasons stated above.

14. In the event that TNCI-OpCo offers or provides any service that would implicate Title 23, Chapter 47 of the South Carolina Code Annotated, TNCI-OpCo is required to comply with that Title and Chapter, which governs the establishment and implementation of a "Public Safety Communications Center," which is more commonly known as a "911" system or "911 service." Services available through a 911 system include law enforcement, fire, and emergency medical services. In recognition of the necessity of quality 911 services being provided to the citizens of South Carolina, in the event TNCI-OpCo offers or provides the appropriate services, the Commission hereby instructs TNCI-OpCo to contact the appropriate authorities regarding 911 service in the counties and cities where the Company will be operating. Contact with the appropriate 911 service authorities is to be made before beginning local telephone service in South Carolina. Accompanying this Order is a memorandum from the State 911 Office of the Office of Research & Statistics of the South Carolina Budget and Control Board. This memorandum provides information about contacting County 911 Coordinators. By this Order and prior to providing local telephone services in South Carolina, TNCI-OpCo shall contact the 911 coordinator in each county (and city where the city has its own 911

system) and shall provide information regarding the Company's operations as required by the 911 system.

15. The Stipulation between the Company and SCTC is hereby approved and incorporated as part of this Order.

16. This Order shall remain in full force and effect until further order of the Commission.

To: Telephone Companies New to South Carolina

In an effort to continue providing quality emergency services to the citizens of South Carolina, the State 911 Office requests that before beginning telephone services in a county, you contact the 911 Coordinator in that county. This will allow both parties to obtain important information about providing 911 services in that county. If you have already begun services, then contact the coordinator as soon as possible.

A list of County 911 Coordinators can be found on the South Carolina E911 homepage at [www.ors.state.sc.us/digital/E-911.ASP](http://www.ors.state.sc.us/digital/E-911.ASP). If you have any questions related to 911 in South Carolina, you may contact E911 Coordinations at the Office of Research and Statistics at 803-734-3883. The person responsible for this can also be found on the 911 homepage. Please be aware that some cities may have their own E911 systems, these are also listed on the 911 homepage. These city coordinators will need to be contacted in addition to the county coordinators.

BEFORE  
THE PUBLIC SERVICE COMMISSION OF  
SOUTH CAROLINA

Docket No. 2013-118-C & 2001-0316-C

Re: Application of TNCI Operating Company, LLC )  
for a Certificate of Public Convenience and )  
Necessity to Provide Local Exchange and )  
Interexchange Telecommunications Services in )  
the State of South Carolina )  
\_\_\_\_\_ )

**STIPULATION**

The South Carolina Telephone Coalition ("SCTC") (see attachment "A" for list of companies) and TNCI Operating Company, LLC ("TNCI") hereby enter into the following stipulations. As a consequence of these stipulations and conditions, SCTC does not oppose TNCI's Application. SCTC and TNCI stipulate and agree as follows:

1. SCTC does not oppose the granting of a statewide Certificate of Public Convenience and Necessity to TNCI, provided the South Carolina Public Service Commission ("Commission") makes the necessary findings to justify granting of such a certificate, and provided the conditions contained within this stipulation are met.
2. TNCI stipulates and agrees that any Certificate which may be granted will authorize TNCI to provide service only to customers located in non-rural local exchange company ("LEC") service areas of South Carolina, except as provided herein.
3. TNCI stipulates that it is not asking the Commission to make a finding at this time regarding whether competition is in the public interest for rural areas.
4. TNCI stipulates and agrees that it will not provide any local service, by its own facilities or otherwise, to any customer located in a rural incumbent LEC's service area, unless and until TNCI provides such rural incumbent LEC and the Commission with written notice of

its intent to do so at least thirty (30) days prior to the date of the intended service. During such notice period, the rural incumbent LEC will have the opportunity to petition the Commission to exercise all rights afforded it under Federal and State law. Also, TNCI acknowledges that the Commission may suspend the intended date for service in rural LEC territory for ninety (90) days while the Commission conducts any proceeding incident to the Petition or upon the Commission's own Motion, provided that the Commission can further suspend the implementation date upon showing of good cause.

5. TNCI stipulates and agrees that, if TNCI gives notice that it intends to serve a customer located in a rural incumbent LEC's service area, and either (a) the Commission receives a Petition from the rural incumbent LEC to exercise its rights under Federal or State law within such 30-day period, or (b) the Commission institutes a proceeding of its own, then TNCI will not provide service to any customer located within the service area in question without prior and further Commission approval.

6. TNCI acknowledges that any right which it may have or acquire to serve a rural telephone company service area in South Carolina is subject to the conditions contained herein, and to any future policies, procedures, and guidelines relevant to such proposed service which the Commission may implement, so long as such policies, procedures, and guidelines do not conflict with Federal or State law.

7. The parties stipulate and agree that all rights under Federal and State law are reserved to the rural incumbent LECs and TNCI, and this Stipulation in no way suspends or adversely affects such rights, including any exemptions, suspensions, or modifications to which they may be entitled.

8. TNCI agrees to abide by all State and Federal laws and to participate, to the extent it may be required to do so by the Commission, in the support of universally available telephone service at affordable rates.

9. TNCI hereby amends its application and its prefiled testimony in this docket to the extent necessary to conform with this Stipulation.

10. Notwithstanding any provision contained herein, the terms, conditions and limitations of the Stipulation apply only in those instances where a rural telephone company's federal rural exemption under 47 U.S.C. § 251(f)(1) is implicated.

AGREED AND STIPULATED to this 28<sup>th</sup> day of May, 2013.
